Project Stage	Implementation
Duration	2006 - 2013

### Agricultural Projects & Practices > Cropland Water Savings

The CREP acres enrolled in Elmore and Gooding County aid in reducing consumptive use of groundwater on cropland in the Eastern Snake River Plain. ISWCC staff work with each participant to prepare conservation and seeding plans for establishing and maintaining conservation cover for the 15 year contract period. This area includes Elmore and Gooding Conservation Districts. All contracts in this area were terminated by fy13.

Key Accomplishments/expenditures are cumulative amounts for Elmore and Gooding Counties. See aggregated CREP project listed under "Conservation Reserve Enhancement Aggregated from 2006 – 2019 (CREP)" for a breakdown of all program funding. ...
